- ❖ Showing stock reduction

[1].

[2].

Scope of the Project

- ❖ Booking of required Clothes by a Cart
- ❖ Easy Payment through Online Payment and deliver facility
- ❖ Providing vouchers to selected Customers
- ❖ Showing contact details and location the shop
- ❖ Showing the most popular clothing types by how they sell
- ❖ Use height , Shoulder Width to indicate Clothing Size

Methodology and Implementation Considerations

- ❖ Create Website using HTML
 - Create home page and other all pages using HTML Languages
 - All pages are link
- ❖ Making decoration of the Website using CSS
 - Add colors, pictures , front style and attractive decoration
 - Add animation and moving word
 - Apply word colors changing
- ❖ Data Base setup by MYSQL
 - All stork save Data base
 - New stork must be entered data base
 - Stock changes occur in the data base
- ❖ Connecting to Database and Website by PHP

List of Deliverables

- ❖ We can search the internet this shop using shop name
- ❖ Then we can see Home Page of shop Website
- ❖ We can see logo and shop name Website
- ❖ Below it there is a bar with the menu
- ❖ That way we can choose the type and size of clothes we need
- ❖ Those opportunities can be obtained by clicking phone icon , whatsapp icon and Social media icon
- ❖ According to the way of selling , the quantity decreases
- ❖ You can become a member of the Website by clicking the logging button
